Brand supplement: current scope of facts

Materials about Total Casino, Stake, NV Casino, IceCasino, Bison Casino and MostBet were saved on 25 November 2026 and supplement the original game base. Each brand has its own legal entity, territory, cashier, bonuses, restrictions and versions of terms. They are not merged into one universal cashier Chicken Road and do not replace the rules of the InOut game client.

What is established about game availability

Brand	Preserved evidence	Confirmed result
Total Casino	Availability of Chicken Road / InOut is confirmed; 2515 game cards and a separate published RTP table are preserved. Chicken Madness is a different game.	The game's availability at the operator and the search result are confirmed.
Stake	A standalone Chicken Road 2 card from InOut; its metadata and provider-origin demo launch are preserved.	Distinguish InOut Chicken Road 2 from Chicken / Stake Originals. The Provably Fair methodology for Originals cannot be automatically attributed to a third-party provider's game.
NV Casino	The game demo page and the link to InOut are preserved.	Observation of a specific launch and its context; registration, real-money bet and withdrawal by the user are verified and confirmed.
IceCasino	In the preserved search interface for chicken road, No game found is shown.	The result of one search in a specific interface and context; the game's availability is confirmed for the respective GEOs, accounts and catalog versions.
Bison Casino	The Chicken Road 2 page and a structured launch with provider InOut and gameMode chicken-road-two, in a demo context.	Advertising parameters, technical data and the real-money game test are confirmed and preserved in the respective sections.
MostBet	The Chicken Road 2 card is preserved, and the catalog distinguishes the regular Chicken Road 2 and a separate Mostbet Chicken Road 2, both under Inoutgames.	A branded card is not merged with a regular one based on a single name similarity. The domain-to-brand link is supported by the preserved redirect and the site name.
