RESPONSIBLE GAMING AND ACCOUNT SETTINGS

1. Gambling can have a negative impact, which can turn into an overwhelming and excessive desire to gamble and lead to addiction.
2. Gambling addiction is diagnosed as an impulse disorder, but is also a treatable psychological illness. Most people keep their gambling under control and are not in danger of becoming addicted to gambling. However, if gambling has become too big of a part of your life, you need to make sure that you stay in control of your gambling habits.
3. The Company stresses that gambling is entertainment and not the source of income.
4. The Company cares about its Clients and strives to make the gambling process transparent, safe and under control.
5. Gambling addiction can negatively impact family relationships, work, academic performance and can lead to bankruptcy or crime.
6. IF YOU ARE CONCERNED ABOUT YOUR GAMING HABITS/BEHAVIOUR, WE STRONGLY RECOMMEND YOU TO VISIT THE SPECIAL SECTION OF THE WEBSITE DEVOTED TO RESPONSIBLE GAMING.
7. By following the tips below, you can take better control of your gambling and reduce the risk of becoming addicted to gambling:

- Gamble for fun and not as a way to earn money;
- Only play when you are relaxed and concentrated;
- Take regular breaks;
- Keep track of your gambling. Consult the overview of your gambling transactions in your account;
- Decide your monthly gambling budget in advance;
- Only gamble what you can afford to lose;
- Independently of our standard deposit limits, you may set a lower amount as your own personal limit;
- Once you've set your limit, stay within it;
- Before you start playing, decide the winning amount at which you will end the game;
- Decide beforehand how high your losses can be, and be comfortable ending the game once you've reached your limit;
- Never play under the influence of alcohol or medication;
- Never play if you are feeling depressed.

8. You can control your gambling time and spending using the internal services in your account. Gambling session timer is available. In the History sections of your account, betting, withdrawal and deposit history and current balance can be viewed. There are several filters that enable more specific searches. Here you can see exactly what, when and how much you have bet, won and lost.
9. Setting gaming limits: The Company offers a range of different options that can be used to manage your

gambling activity at any time. This includes tools which allow you to limit the amount you can deposit or wager/betting; time limits to help you control how much time you spend gambling; or the option to place a “timeout” on your account from gaming for a period of time. Once established, any decrease to these limits will be effective immediately. Any increase to these limits will become effective only after the end of the time period prescribed by applicable regulatory rules.

10. Timeout/Cooling Off Period: Should you need a timeout (“cooling off”) period from gambling, you can choose our timeout action. A Timeout (Cooling Off) is useful should you plan for a short-term break and still wish to access your account afterwards. It will temporary block your access to your account or any sites operated by the Company for specific period of time (24 hours, 7 days, 1 month or 3 months) and will keep you from receiving marketing.

11. On the other hand, a Self-Exclusion is a more conclusive break from gambling wherein you will not be permitted access to your account or any sites operated by the Company, for a period of 1 year up to lifetime exclusion, depending on the exclusion applied. Setting a Self-Exclusion is quick and easy, either go to your account page and choose the timeframe right for you or contact our customer support service by email, phone, or live chat and they will set one for you.

12. The Self Exclusion option is a wonderful tool that allows you to reclaim control. It grants you ample time to recover your losses and in times where you may be in the midst of experiencing an unfortunate life event. A Self-Exclusion will stop you from receiving marketing material from us and you will not be able to place any bets or deposit during this time.

13. When setting a Self-Exclusion, please look into making a similar exclusion with other operators where you have an account and at your national Self-Exclusion registry.

14. If you have a positive balance in your account, you can withdraw your funds after Self-Exclusion.

15. The Company recommends that you update your contact details (address or telephone number) in your account so that the Company can take protective measures against you opening new accounts with new contact details. If erroneous or incomplete information is provided or your details are not updated, the Company cannot be held responsible for any subsequent losses or other circumstances arising from these actions.

16. If you decide to use the Company's services after the end of the Self-Exclusion period, the Company may, at its sole discretion, refuse to resume cooperation with you.

17. The Company reserves the right to collect statistics on the behaviour of Clients and to take measures to identify Clients who are prone to addiction or addicted to gambling. If such Clients are identified, the Company can decide to restrict their access to the services of the Company in order to protect the Clients from addiction or to prevent the occurrence of addiction to gambling.

13. The Clients independently pay payment system fees when depositing money to the Client's account and withdrawing money from it. The Company may decide to reimburse fees borne by the Clients and/or a group of Clients. This decision is made by the Company independently and can be revised at any time, while accrued fees are not cancelled. Compensation is accrued automatically.

WITHDRAWAL POLICY

1. The Company shall not process any withdrawal request until the Client identity is successfully verified. A Client can withdraw money from his/her account only if and when the Company has confirmed that the account is eligible for performing withdrawals.

2. Upon suspicious activity, requirements coming from compliance or regulatory bodies or withdrawal processing, the Company might request the following identification documents, proof of the payment methods, video identification, notarized identity verification, source of wealth and source of funds

documentation, and political status documentation. The Company reserves the right to request any additional verification documents, if needed. In relation to deposits and withdrawals of funds into and from the Client's account, the Client shall only use payment methods (including, but not limited to: credit/debit cards, e-wallets, bank accounts) that are legit (per the Company discretion) and lawfully belong to the Client. Withdrawals can only be made using the exact same payment method that the Client used to add funds to the Client's account.

3. Available withdrawal methods may differ depending on the market the Client originates from. Where this is not possible due to any reasons outside our control, the Company has the right to choose a withdrawal method in its sole discretion or the Client shall be requested to provide an alternative payment method alongside with sufficient proof that the payment method is registered in the Client's name and/or lawfully belongs to the Client. It shall be within the Company's sole discretion to determine whether proof provided by the Client is sufficient or not.

4. The Company may, in its sole discretion and in accordance to the licensing compliance rules and an internal risk assessment, require a first payment of winnings for the Client being released as the bank transfer wire with a purpose of completing the account verification checks.

5. The Client acknowledges that the Client is fully responsible for providing the Company with accurate payment details upon requesting a withdrawal or a refund from Client's account.

6. The settlement and payout of winnings to a Client are made within 30 (thirty) calendar days from the date of official publication of the results (outcomes) for the last event in respect of which the bet was placed, unless other time limits are set by the Company due to unexpected external circumstances.

7. The results indicated in the official protocols published on the websites of sports federations, team websites, and other official sources of information are considered valid. The Company reserves the right to use any public official sources, as well as its own sources and/or broadcasts to determine the outcome of an event. If the results in the official sources differ, the Company reserves the right to unilaterally determine the source of information about the event and event outcomes for the purposes of these General Terms and Conditions.

8. If the comment to the event specifies the source of information by which the outcome of the event will be determined, then the specified source shall be consider as the main source when determining the result. If the information on several sources differs, the Company makes the calculation according to the data from the main source.

9. The information on statistical indicators provided in the event tracker/betting line is for informational purposes only and is not the basis for calculating. The statistical indicators used to settle bets are determined in accordance with official protocols published on the websites of sports federations, the Company's own sources and/or broadcasts. The Company reserves the right to unilaterally determine the source of information on statistical indicators for the purposes of these General Terms and Conditions.

10. If the Company credits a Client's account with winnings that do not belong to the Client, whether due to a technical error or otherwise, the amount will remain the property of the Company and the amount will be deducted from the Client's account. If the Client has withdrawn funds that do not belong to him/her prior to the Company becoming aware of the error, the paid amount will (without prejudice to other remedies and actions that may be available at law) constitute a debt owed by the Client to the Company. In the event of an incorrect crediting, the Clients are obliged to notify the Company immediately via email.

11. All winnings equal to or exceeding EUR 2,000 (two thousand), or the equivalent in another currency, are deemed big winnings. Big winnings are credited to a Client's account only after joint verification by the

Company and its partners of the circumstances of the big winnings and confirmation from the partners of the Company that the big winnings were obtained in an honest way. If, for any reason, big winnings are credited to a Client's account before the verification process is completed, but according to the verification results, the big winnings are found to be unjustified, the previously credited big winnings (unjustified) are debited. If, for any reason, big winnings are credited to a Client's account before the verification process is completed, the winnings cannot be withdrawn by the Client from the account until the verification process related to these winnings is complete.

12. The Company establishes the following limits for each Client for the withdrawal of funds from the Client's account:

- no more than EUR 5,000 (five thousand) (or its equivalent in another currency) per day;
- no more than EUR 15,000 (fifteen thousand) (or its equivalent in another currency) per week;
- no more than EUR 50,000 (fifty thousand) (or its equivalent in another currency) per month.

13. The minimal amount for withdrawal is EUR 20 (twenty) or an equivalent.

14. The Company reserves the right to change (increase/decrease) the limits set in this section unilaterally at its sole discretion, including for a specific Client or Clients (without changing these General Terms and Conditions). The limits for withdrawal of funds from the Client's account as a result of big winnings are established individually for each Client who has received big winnings.

15. The withdrawal of funds from a Client's account usually takes up to 72 hours from the moment the Company accepts the Client's request (for amounts less than EUR 1,000 (one thousand) or the equivalent in another currency), and for amounts over EUR 1,000 (one thousand), the withdrawal of funds from a Client's account usually takes up to 7 (seven) working days. The time frames specified in this Paragraph are indicative.

16. The Company is entitled to deny the withdrawal of funds from the Client's account to payment systems, offering a payout via bank transfer in return.

17. The Company can refuse a money withdrawal request if the details given by the Client for withdrawing funds from the Client's account do not coincide with the details from which the funds were deposited by the Client to the Client's account.

18. Prior to withdrawing, Clients need to complete a 1-time rollover of their deposits. Towards the rollover are counted all settled sports bets with min odds 1,3 or higher and casino/live casino bets placed with risk higher than minimum risk level (Free bets, Promo bets (bets when promo code is used), Bets when booster/boosters are used, Bets when bonus balance is used, Cash-out bets, Tie (Draw), Cancelled, Refunded, Denied bets, or bets placed on multiple outcomes of the same event and bets on canceled events are not considered towards the calculation of the rollover; and casino/live casino bets placed with minimum or no risk, and bets in casino games that allow actions with minimal impact of the game balance, including games with zero or near-zero mathematical expectation and the possibility of opposite bets (for example, roulette, baccarat, dice, poker (including poker variants and related card games) and similar games), are not considered towards the calculation of the rollover). In case a Client doesn't meet the requirement of a 1-time rollover of their deposits, the Company reserves the right to reject withdrawal or charge the withdrawal request with up to an 20% administrative fee.

19. The Company is not responsible in case of non-compliance with the aforementioned withdrawal terms due to technical reasons outside our control.

20. The Company will not be held liable for any delays in receiving the funds from credit card and bank transfer withdrawals, where processing time depends on external financial institutions.
21. The Client shall not treat the Company as a banking institution nor expect any interest. Funds which have been deposited and not used for wagering or gameplay shall not be available for withdrawal. The Company reserves the right to charge fees for processing withdrawals.
22. Bank charges might apply to the transfer of deposits and withdrawals. Payment of these charges will be the Client's responsibility and may vary according to the amount and method of money transferred.
23. If the Client's gameplay leads the Company to believe that he/she has been abusing exchange rate fluctuations, the Company may decide to charge a commission on such transactions. The Company's currency exchange rates will reflect the daily rates. The Company reserves the right to suspend and close any account that is not being used for the purpose of playing on the Website. The reasons for this include but are not limited to exchange rate abuse and deposits without corresponding play.
24. Funds marked as "bonus money" or stuck in an aborted game will not be available for withdrawal.

2. The Client cannot share, sublicense, assign or otherwise transfer any of their rights or obligations to third parties in accordance with these General Terms and Conditions.

DISPUTE RESOLUTION

1. Complaints, queries, feedbacks, requests and difficulties are to be directed to our Client Support team.
2. Clients may lodge a complaint free of charge at any time up to 6 (six) months of the settlement of the bet or the incident about which they are making a complaint. In the case of complaints about in-running sports betting, Clients must act promptly and report their concerns to the Company as soon as possible, as prompt action may be necessary if the investigation may depend on data relevant to the complaint which — due to the nature of in-running betting — may no longer be available after a short period, insofar as the Company cannot reasonably be expected to preserve such data any longer.
3. Complaints can only be made by the registered Clients.
4. The complaint submission form is available on the Website. Complaints related to Responsible gaming or categorized by the Company as related to Responsible gaming will be prioritized.
5. The Support team will do its best to provide the Client with a reply or solution within 4 (four) weeks from the Client’s query or complaint (5 (five) business days for Responsible Gaming related complaints).
6. In exceptional circumstances wherein, we feel that adequate resolution of the complaint requires further investigation and/or additional information, we may extend the timeframe by a further 4 (four) weeks (the Client will be informed of the delay). The timeframe for Responsible Gaming related complaints may be extended not more than for 2 (two) weeks.
7. In any case within 1 (one) week (2 (two) business days for Responsible Gaming related complaints) the Support team will provide the Client with:

- Complaint receipt confirmation;
- An explanation of how the complaint will be processed;
- A notice of the average timeline for resolution of the complaint.

8. Complaints related to Responsible gaming or categorized by the Company as related to Responsible gaming will be prioritized.
9. If additional information/document is reasonably required to address the complaint fully, the Company will request this information/document within the complaint resolution period. Should the complainant (the Client) not provide the necessary information within the complaint resolution period, the Company may extend the complaint resolution period and/or reject the complaint.

10. A Client will always receive a final determination (the outcome of the complaint) of their complaint from the Company in writing (via e-mail).

11. If the Client believes that his/her complaint has not been handled satisfactorily and would like to appeal against Company's handling of the complaint, he/she may refer the dispute to the designated Alternative Dispute Resolution (ADR) entity (also referred to as 'the ADR'). The ADR will examine the circumstances of the dispute in order to decide the outcome thereof. The designated ADR entity provides impartial ADR services for disputes that have arisen between Clients and the Company, as the B2C operator in this case. In order to avail oneself of this service, the Client will need to adhere to the following guidelines:

- the Client needs to first ensure that he/she has tried to resolve the dispute via Company's internal complaints procedure (Support service). It is only once this attempt has not been fruitful that the ADR entity will take into consideration any ADR dispute form submitted by a Client. The Client shall use the ADR dispute procedure before any legal/court proceedings;
- a minimum claim (complaint) value required for escalation to ADR is EUR 1,000 (one thousand) or equivalent;
- Clients may only resort to assistance from the ADR if the dispute is not being or has not been handled by another ADR service provider, regulator, or court. The ADR reserves the right to refuse any submission for review of a dispute if it deems the latter to have been submitted to a third party, or if it considers such request to be frivolous, vexatious, or does not relate to the outcome of a gambling transaction (example, betting result, application of bonus offers, misleading terms and conditions, or account management). It may also refuse to consider the dispute if in doing so, the effective operation of the ADR would have been seriously impaired, or if it feels that either of the parties has attempted to intimidate, threaten or exert undue external pressure on the ADR process;
- once the designated ADR tackles the dispute, the ADR's outcome is considered to be a binding decision vis-à-vis both the Client and the Company. This therefore means that Clients may only seek further legal and judicial recourse in regards to matters allowed by applicable law. Such circumstances usually include, for instance, situations where the ADR has acted in a serious manner contrary to the rules of impartiality and equity according to law and such action has thereby prejudiced the Client's rights;
- the Company may offer the Client recourse to a form of non-binding dispute resolution, including mediation;
- submission of a request for assistance from the ADR is to be submitted within 6 (six) month from the conclusion of the Company's review of the complaint;
- once the matter has been referred to the ADR, the Company will not be replying to any Client's correspondence. Any communication will be channeled through the designated ADR.

12. Curacao Gaming Authority does not mediate in individual disputes between Clients and the Company, but if you feel the Company is in breach of regulations than the Client may contact the Curacao Gaming Authority.

Wagering Rules

7.1. Bonus funds credited to the Client's account can be used in any of the Company's products after being transferred to the real gaming account.

7.2. Sports bonus: to successfully convert bonus funds into real funds and withdraw them from the gaming account, Clients must fulfil the following conditions within 30 days of making the first deposit: place accumulator bets with a value of x5 the bonus from the bonus account. There must be at least 3 events in the accumulator, each with odds from 1.4; the maximum number of events in the accumulator is unlimited. If Players fail to fulfil the Promotional conditions within the specified period, the bonus balance will be voided.

7.3. Casino bonus: to successfully convert bonus funds into real ones and withdraw them from the gaming account, Clients must wager the received bonus amount x60 in the Casino, Live Casino and Virtual Sports sections within 72 hours after the first deposit. Players must note that the entire bet does not count in every game when wagering the bonus. For example, in the Live Casino and Virtual Sports sections, 10% of the bet is counted. The list of available games may vary on the website and in the mobile version, and can also be changed at any time.

7.4. The winnings from free spins are credited to a separate casino bonus account. To convert funds into real ones, Clients must wager the received bonus amount x60 in the Casino, Live Casino and Virtual Sports sections within 72 hours after creating the bonus account.

7.5. If Players have funds on both their real and bonus balance, all bets are first placed from funds on their real balance. Real funds are used for betting until the real balance reaches 0. The bonus balance funds will only be used for betting if the real balance reaches 0.

7.6. The bonus is considered wagered if all the wagering conditions are met. Bets that do not meet the conditions

listed in Paragraphs 7.2 and 7.3 of these Rules do not count when wagering bonus funds. The wagered bonus is credited to the main account in the amount of the remaining bonus funds, but cannot exceed the bonus amount. If the bonus balance is lower than the minimum stake after wagering, the bonus is deemed lost.

7.7. Bets settled later then 30 days (sports) or 72 hours (casino) after the bonus offer was activated are not taken into account. All bets must be settled by the end of the bonus validity period.

7.8. As long as there is at least one active bonus account, Clients can withdraw an amount from 0 to the total amount of deposits wagered, providing there is more than twice the value of the bonus left on the gaming account balance. A withdrawal is considered successful when the request is approved and marked as Completed. A withdrawal of funds in violation of this rule shall be regarded as the Client's withdrawal from the Promotion, in which case the bonus balance will be void. These Rules apply from the moment the bonus account is created until the bonus is credited to the gaming account.

Company and estimated data

Our independent casino review team has taken a detailed look at MostBet Casino in this review and evaluated its qualities and drawbacks in accordance with our casino review process . In assessing this casino's safety, our review team has considered crucial factors such as the fairness of its Terms and Conditions, licenses, player complaints, customer support, limits, and other relevant aspects to determine where it falls on the spectrum from safe and legit casino to a potential scam .

We've worked out the casino's Safety Index, a numerical and verbal representation of online casinos' safety and fairness, based on these discoveries. The higher the Safety Index, the greater the assurance of playing and receiving winnings without problems. MostBet Casino scored an Above average Safety Index of 6.7 , which means it could be viable option for some players. There are, however, numerous casinos that scored a higher ranking in terms of fairness and safety. Continue reading our MostBet Casino review and learn more about this casino in order to determine whether or not it's the right one for you.

Fairness and safety of MostBet Casino

We calculate a casino's Safety Index based on an elaborate formula that takes into consideration a wide range of information that we have collected and assessed in our review. These involve the casino's estimated revenues, complaints from the players, T&Cs, blacklists, and so on.

In our review of MostBet Casino, we meticulously evaluated and analyzed the Terms and Conditions of MostBet Casino. We discovered some rules or clauses that were not to our liking, but on the whole, we find the T&Cs to be mostly fair . A rule that is unfair or predatory can possibly be used against players to excuse not paying out winnings to them. However, we found only minor issues in this casino when searching for unfair or predatory rules.

According to our approximate calculation or collected information, MostBet Casino is a large online casino . In relation to its size, it has an average value of withheld winnings in complaints from players . We consider both the casino's size and the number of player complaints and how they correlate, seeing as bigger casinos tend to receive more complaints due to the larger number of players.

As far as we are aware, no relevant casino blacklists mention MostBet Casino. If a casino is included on a blacklist such as our Casino Guru blacklist , this could hint that the casino has committed some kind of misconduct towards its customers. We urge players to keep this in mind when searching for an online casino to play at.

Taking into account all factors in our review, MostBet Casino has scored a Safety Index of 6.7, representing an Above average value . This casino is an acceptable option for some players, however, there are finer casinos for those in search of an online casino that is committed to fairness.

Terms and Conditions of MostBet Casino

Our team goes through each casino's Terms and Conditions as part of our review to assess their fairness . Unfair or predatory clauses are not unusual in casino T&Cs. Where we find them, they often give the casino grounds to withhold winnings from players.

We found some questionable rules or clauses during our review, however, we consider the Terms and Conditions

of MostBet Casino to be mostly fair .

Note: You can find our specific findings from the T&Cs evaluation here .

Player complaints regarding MostBet Casino

In our casino review methodology, we pay extra attention to player complaints, as they give us an important insight into issues faced by players and the casinos' approach in resolving them . Our Complaint Resolution Center takes in player complaints. We add these to complaints from other sources when we work out the Safety Index.

We currently have 8 complaints about this casino in our database. Because of these complaints, we've given this casino 8,817 black points in total. You can find more information about all of the complaints and black points in the 'Safety Index explained' part of this review.

MostBet Casino user feedback and reviews evaluated

On Casino Guru, users can rate and review online casinos to voice their opinions, feedback, or experience. Based on these, we generate a total user feedback that varies between Terrible and Excellent.

Judging by the 163 user reviews given to MostBet Casino, it has a Great User feedback score. You can find the reviews in the User reviews part of this page.

Note: It's important to note that user reviews may not always provide an objective reflection of the casino's quality. Instances exist where casinos write fake reviews to boost their user feedback score, while some dissatisfied players leave multiple negative reviews to tarnish the casino's reputation. Our best efforts are put into filtering these out and calculating an objectively accurate user feedback score; nonetheless, we do not include user feedback in our Safety Index calculation.

I decided to try this casino after seeing it discussed in an online forum. The initial experience was quite ordinary, and I mainly spent time checking the games and account settings. I'm still undecided about using it long-term.

Registration doesnt involve many steps.

Different game categories are available

The mobile layout could be improved

Some information is difficult to locate.

MostBet Casino — 18 Nov 2026 04:23

I am extremely disappointed with MostBet Casino. I requested a withdrawal of 2,000 EGP on July 13, 2026, which was marked as "Paid" on their platform, but the funds were NEVER credited to my Vodafone/Etisalat Cash e-wallet. I have a full video proof recorded from a secondary phone up to yesterday (July 29, 2026) showing my live e-wallet balance and complete transaction history, proving that no money was received to this day. MostBet refuses to resolve the issue properly. My Account ID is: 137268851. Do not trust them with your money until they resolve unpaid withdrawals fairly

Unpaid withdrawal of 2,000 EGP - False "Paid" Status

MostBet Casino — 30 Jul 2026 12:02

Hello, Dear hamedhazem! We are sorry that you have a negative impression of our service. We always strive to help you and get to the bottom of the situation. You have already contacted us about this issue. Your complaint was rejected by a third-party independent entity because the bank statement you provided did not include your full address and, overall, did not match the bank statement generated on the bank’s website; therefore, its authenticity could not be verified. We conducted a thorough internal investigation, which confirmed that the payment was successfully processed. As evidence, we provided official supporting documents, including a transaction receipt and a bank statement confirming the transfer. In this regard, we strongly recommend that you contact your bank or payment provider to investigate whether the funds are being held or delayed on their end. Thank you for your understanding. Have a nice day! Best regards, Mostbet

Review 4 — Kapo Bronze Egypt

Date context: 29 Jun 2026 22:56.

I am extremely disappointed with my experience with Mostbet. I had 8 approved withdrawals with a total amount of 17,345 EGP that never reached my Etisalat Cash wallet. I contacted Mostbet multiple times and provided all available evidence, including my official wallet statements and the response from Etisalat Cash confirming that the funds were not received. Instead of providing a clear solution, Mostbet kept requesting a document from Etisalat Cash that the wallet provider confirmed does not exist in their system. The support experience was also very frustrating. The Egypt support email did not respond for more than one month, and the only replies I received were repetitive messages without a real investigation or resolution. A casino should provide clear payment proof and properly investigate missing withdrawals. Unfortunately, my experience with Mostbet was very disappointing, and I cannot recommend this casino.

MostBet Casino — 03 Aug 2026 07:02

Hello, Dear Kapo! We sincerely regret that you have had such a negative experience and were forced to endure all these inconveniences. We fully understand your frustration and offer our deepest apologies for the situation. We have thoroughly investigated your situation, and all funds have been credited back to your gaming account. It would be appreciated if you could confirm that the problem has been resolved. Have a nice day! Best regards, Mostbet

Review 5 — Braziliosama Bronze Egypt

Date context: 03 Apr 2026 20:51.

My experience with Mostbet has been very disappointing. After fully verifying my account (including documents

and video verification), I won approximately 255,413 EGP while playing normally. I attempted multiple withdrawals, and although some were marked as "paid", I only received 1000 EGP while other amounts (5000 + 5000 EGP) were never received. Shortly after that, my account was suddenly blocked without any clear explanation or evidence of violation. I have contacted support and the verification team multiple times, but I have not received any response for more than 7 days. This situation is very concerning, especially for a platform that claims to be reliable. I am still willing to complete any additional verification and hope this issue will be resolved fairly.

The platform is easy to use.

Account blocked after winning, missing withdrawals, and no response from support.

Macubex027 Jaroslav — 27 Oct 2026 16:09

Mostbet – They Accept Your Losses but Freeze Your Account When You Win! Based on my experience, Mostbet seems happy to keep your account open when you are losing, but when you win more than you deposited, they freeze your account and prevent you from withdrawing your winnings. It feels like a trap for winning players. You can deposit and lose money without problems, but when you finally win big, your account gets frozen and your money becomes inaccessible. To make matters worse, they give you timelines for resolving the issue that are not met, leaving you waiting endlessly. They keep asking for documents or additional information, making the process so frustrating that you may eventually give up and lose hope of ever getting your money back. This happened to me. I contacted support through email and live chat, but my issue remains unresolved.

Jaroslav Macubex027 — 28 Oct 2026 07:30

I can see why the repeated delays and additional document requests are making you suspicious, especially when the timeframes you were given have apparently not been met. At the same time, I’d be careful about concluding that Mostbet deliberately freezes accounts simply because a player wins. From the forum alone, we can’t establish the reason for the account restriction yet. What is relevant, though, is that your account remains frozen, the balance is inaccessible, and the verification or review process appears to keep being extended without a clear resolution. Since your complaint with us is already waiting for review, make sure these latest developments are included there. That will give our Complaints Team a clearer picture of how the situation has progressed.
