Subject and scope of the base

The project name is Chicken Road. The actual primary subject of the provided corpus is **Chicken Road 2.0 from InOut Games**, also designated in the game client as Chicken Road 2 and Chicken Road Two. The original Chicken Road and other similar games are retained only in an explicitly designated comparative or catalogue context. Their parameters cannot be automatically transferred to the 2.0 version.

The materials cover the official InOut Games website, the preserved game demo client, operator materials from Total Casino, Stake, NV Casino, IceCasino, Bison Casino and MostBet, third-party catalogues Casino Guru and SlotCatalog, as well as user messages, regulations, policies and interface images. The original game materials were preserved on 22 November 2026; the additional materials from six casinos on 25 November 2026; individual reviews, review and update dates refer to other dates indicated in the relevant sections. Dynamic values, displayed offers and operator lists are approved for the context and dates indicated in the relevant sections.

Rules, terms, instructions, tables and substantive lists are included below thematically. Repeated navigation is reduced to a single description in its context. Text data and interface images complement each other. Information about policies and documents, their names and links is included in the approved composition of the base.

Lobby output and filters

Parameter	Condition and value
Exact name search	Searched Chicken Road 2.0; useful aliases Chicken Road 2 / Chicken Road Two with mandatory InOut verification.
Partial name search	Chicken Road yields several named cards; the exact version rule uses developer and mode.
Provider filter	The InOut filter separates games from other studios; in Mostbet the text is Inoutgames.
Genre filter	Crash/fast_games/burst in their own lobbies; genre labels of different operators do not merge versions.
Combination of filters	Exact name + InOut filter; with the saved type fast_games it was possible to open card 123628.
Reset filter	Reset filters and re-entered the exact name; results were saved per specific context.
Favorites	Saving a card for an authorized account; on Stake the counter 2,74K Saves is saved, the user's mark is separate.
Recently opened	After launching from the card, returned to the history or the operator's list of recent launches; ordered by actual opening time.
New Games	New Games at InOut is the section of new cards; the absence of the target game in individual slices does not change its passport.
Output order	First the match of name and studio, then other matching names. The operator's sorting is preserved within the search result.

Parameter	Condition and value
Loading the next page	Transition to the next screen after the previous one is ready; duplicate results are normalized by name and studio.
Number of actions	3 actions from the lobby: search, exact card, opening.
Task completion time	1 min 14 s from crediting to the prepared NV game profile; the readiness series of the game field was measured separately.
Erroneous result	Chicken Madness (BF Games) in the public Total sample is a different product. At Ice, the archive search screen shows No game found.
Comparable product	The similar Chicken Madness card in Total belongs to BF Games; Chicken X — Million Games, 5 levels and RTP 96,50% per SlotCatalog. The exact game route is the official InOut demo.

"Hit the jackpot" is preserved as a marketing phrase. The mechanics and payout amount are established by the rules of the respective mode.

The interface illustration shows the levels **Easy, Medium, Hard, Hardcore**, the labels **Difficulty**, **Chance of being shot down**, the actions **GO** and **CASH OUT**. In one depicted state, the bet **2**, cash out **3.96 USD**, and the following road multipliers **1.98x, 2.12x, 2.28x, 2.47x, 2.70x** are visible. The interface records the confirmed values of the bet, cash out, and mode multipliers.

The official Demo Play button contains the following exact launch address with preserved parameters:

https://api.inout.games/api/launch?gameMode=chicken-road-two&authToken=247d3637-c5dc-a67b-50a1-89df27733343&operatorId=ee2013ed-e1f0-4d6e-97d2-f36619e2eb52&currency=USD&lang=en

The address records **gameMode=chicken-road-two, currency=USD, lang=en** and the identifiers of the original launch. The link is preserved as the provider's demo source; functionality, parameter validity period, and suitability for embedding in an editorial site are verified and confirmed. The PLAY FOR REAL button leads via an advertising redirect; the redirect and the possibility of playing for real money are confirmed for the respective casino and country.
